*May 26, 2007*

Shows a nice mix of plum and black currant fruit, with plenty of green olive and tobacco notes and a fleshy, smoky finish. Drink now.

### **WINEMAKER'S NOTES**

---

The Caliterra Tribute Carmenère 2005 features a deep almost black colour with ruby edges. The aromatic richness of this wine is intense and pleasant, displaying notes of spices, dried fruit, tobacco and toasted coffee. This is a dense and generous wine in the glass, giving rich and silky sensations in the mouth. The excellent balance and rich bouquet leads to a long, inspiring finish.
